

DECISION

November 18 2010

№ 457

Sankt - Petersburg

On the draft of the agreement on harmonization of the legislations of Member states of the Customs Union in terms of establishing responsibility for violation of the requirements of the legislation of the Customs Union in the field of technical regulation, sanitary, veterinary and phytosanitary measures

The Customs Union Commission decided:

1. To support the proposal of the Coordinating Committee for technical regulation, the application of sanitary, veterinary and phytosanitary measures under the Customs Union Commission (hereinafter referred to as the Coordinating Committee) to develop a draft of the agreement on harmonization of legislations of Member-states of the Customs Union in terms of establishing responsibility for violation of the requirements of the legislation of the Customs Union in the area of technical regulation, sanitary, veterinary and phytosanitary measures.
2. Coordinating Committee for technical regulation, the application of sanitary, veterinary and phytosanitary measures to ensure the development of the draft agreement referred to in paragraph 1 of this decision, based on the draft Agreement submitted by the Kazakh side and in due course to submit it for consideration at the meeting of the Customs Union Commission.

The Commissioners of Customs Union:
